GLADIOLUS

No other summer-flowering bulb is as popular as the GLADIOLUS. Lovely for garden decoration and superior as a cut-flower during the summer and early autumn. When cut with the first flower open they will last for 10 days in the house. Plant bulbs 4 inches deep and 4 to 6 inches apart. They will thrive in most any good garden soil but best results are obtained if soil is well prepared with pulverized manures.

No. 1 Bulbs that Give Giant Blooms—Pinks, Yellow, Red & Scarlet, White, Lilac, and Purple Shades.

MLXTURE OF 1 DOZEN FOR \$1.00

100 No. 1 BULBS, \$7.00
